Window Watching

 Glue the pictures that begin with /w/.

©The Mailbox® • Teacher's Helper® • TEC45020 • Aug./Sept. 2005

Name _____

Cut out the things that begin with w. Paste them by Walrus Walt.
Trace the Ww's with lots of colors.

Phonics Instructions: The letter *x* does not have a sound of its own. The letter *x* usually sounds like /ks/, as in *box*. This sound can be made without using the vocal cords or the schwa sound at the end. The letter *x* is usually found at the end of a word or syllable. Ask the student to practice the /ks/ sound in isolation. Then read the name of each picture: yarn, dog, fox, six, box, ax, elephant, igloo. Have the student sort the pictures.

Student Directions: Cut out the pictures at the bottom of the page. Place the pictures that have the /ks/ sound under the letter *x*. Place the others under the trash can.

Name _____

Cut out the things that begin with y. Paste them by Yolanda Yak.
Trace the Yy's with lots of colors.
